Historic Appomattox Gave Unity and Peace to America

Father Darkleaf

by c. h. r.

On our latest trip to Florida some years ago, we brought back, as souvenir pieces," a few tremendous shells and about the size of a grapefruit. And now, lo and behold, Mr. Moon, of our own county, was in our office this week to show us some things. He had raised them right here in Appomattox County. Small world!

Mr. Moon is the father of the well known Miss Hazel Moon, and says that Hazel has spent 13 years of her life in Mission Work in Africa. Her service there is a testimony to Christian zeal, and of which Appomattox is proud of Ha-

Another No. 13 Anniversary!
13 years ago that Watkins Abbitt became United States Congressman from the Virginia 4th District — and also his youngest daughter, Rinne, is 13 years old.

A pleasant visitor in our office this week was Mrs. A. R. Cobble. We had not seen her for a spell and that she is now living in Bingham. That is fine, but we think that such friends call Appomattox "home."

The greatness of Robert E. Lee is revealed in larger dimensions as the years go by. Lee's character is a great Englishman, but he was not bring himself to meet Washington and arrange the surrender face to face. He sent D'Hara. Later, Cornwallis did not write a check and present it at the bank. He sent a subordinate. Grant, in his final effort for a "break out" and encirclement at Old Appomattox C. H. on the fateful April 9, began at 1 A. M. Hood's Texas marched at that hour. At 1 A. M. Kearsl dict readily and gallantly marched forward, and as he did, some chanted the Texas Battle of a Scripture passage: "Once more to them that's got the longest legs to run; the battle to the people who shoots the biggest gun!" Alas, they found Ord's infantry in front of them, and it was over. Lee's men brought in 200 of these prisoners. Gen. R. E. Lee, in person, was opposite the Old Court House to see the prisoners brought in. Included in the capture were Union cannon.

Woman's Club

The Woman's Club of Appomattox will meet on Monday, March 6, at 8:00 P. M., in the Elementary cafeteria. Mrs. S. H. Frankhouser, of Lynchburg, a representative of Miller & Rhoads, will speak to the club on fashions and millinery. The members of the club may bring guests to the meeting.

D. A. R. CHAPTER

The Appomattox Chapter Daughters of the American Revolution met Monday, Feb. 20th at the home of Mrs. Thelbert Trent. Mrs. George Abbitt, Jr. was joint hostess. Mrs. Trent has been designated as the Citizenship Month by the National Society D. A. R. and in observance, Appomattox Chapter sponsors each year an Essay Contest in the County Schools on assigned subjects. Danny Hernicall was the winner this year and was a guest of the Appomattox Chapter. He read his essay entitled "James River and Kanawha Canal".

Red Cross Fund Drive Started

March 1 marked the beginning of another Fund Drive for the Appomattox Chapter of the American Red Cross. The goal for the chapter this year is $2,260.00, of which 55% will be retained in the county for local work in the important blood program, disaster relief, etc.

Chairman William A. Hunter has stressed the importance of everyone supporting the Red Cross this year, or otherwise the Appomattox Chapter faces the grave situation of giving up its charter due to financial conditions. For several years the chapter drive has netted only about one-half its goal and local work is greatly hampered due to lack of funds. At the present time, the local chapter is six months behind in payments to the regional blood center for the chapter's blood program, which is so important to all citizens of the county.

When a Red Cross representative calls on you, please give generously and have a part in helping the disaster stricken flood victims, or saving the life of a patient of open-heart surgery where Red Cross Blood is so important.

Mrs. Jan LeGrand is treasurer for the Fund Drive.

VIRGINIA SYMPHONY

The Virginia Symphony will be in Appomattox on April 11, under the sponsorship of the Womma's Club.

Heavy Rainfall In February

February was an unusually wet month for Appomattox. The local weather recorder listed a total of 6.80 inches of precipation as having fallen during the month. This included snowfall.

Considerable damage was done to roads, fields and the cost of snow removal added to the problems of the highway department.

Rural dirt roads and entrance roads have been in bad condition during most of the month.

NEW ASC PROGRAM

Agricultural Stabilization and Conservation county committees throughout Virginia are starting this week to obtain farm acreage reports preparatory to enactment of legislation proposed by the President for a new program for corn, barley, oats and grain sorghums.

This new program provides for payments in cash to all farmers who voluntarily reduce their 1961 acreages of these crops by at least 20 per cent. This proposed legislation is the first major farm legislation recommendation of the Kennedy Administration.

This bill provides for additional conservation practice payments to farmers who cooperate by making these reductions. Farmers who do not cooperate in reducing corn, barley, oat or grain sorghum acreages will not be eligible for price support on these crops.

W .D. Hix, III, chairman of the Appomattox ASC committee, said that each farmer must decide for himself whether or not he wants to reduce his feed grain acreages for 1961. Participation under the program is entirely voluntary. If a farmer desires to participate in the Feed Grain Program, he must file a report of the acreage of feed grain and other crops grown on his farm in 1959 and 1960.

In Appomattox County, Mr. Hix said that the period from February 28 through March 21 is the time when farmers will file acreage reports at the ASC county office in Appomattox. Farmers who wish to participate in the Feed Grain Program must make their acreage reports during that period. The county office will be open from 8:30 A. M. until 5:00 P. M. and clerks will be available to assist in completing the report form.

The chairman suggested that the farmers bring to the ASC office any records they have on crops grown during 1959 and 1960 to help in preparing an accurte acreage report.

Important Park Meeting Friday

A most important meeting will be held here at 8 P. M. Friday, at the new Court House in the interest of presenting to The National Park Service a plea that Old Appomattox Court House be rebuilt.

Mr. Elbert Cox, Regional Director, National Park Service, will be present. He is the ranking Park Service official for Virginia, and he will be asked to press for a reconsideration of Park Service's decision not to rebuild the Old Court House, a major structure at the scene of the famed April 9, 1865 American Peace.

Also, slated to be present is Mr. James J. Geary, Executive Director of the Virginia Civil War Commission, of Richmond.

Representative Watkins M. Abbitt has been active in arranging the meeting here Friday night. He said this week:

"Many of us were shocked to know that the Park Service has deleted from its Mission 66' program the project to restore the courthouse building at Appomattox Court House National Historical Park.

"The Director of the Park Service has agreed to have a top official meet with interested citizens in the county courthouse at Appomattox, Virginia, Friday night, March 3rd, at 8:00 P. M., to go over the situation generally. The purpose of the meeting is twofold. First, to have the Park Service official explain the present plans that the Park Service has developed for the work at the park in Appomattox. Second, to permit interested citizens, organizations, officials, and individuals to present their views to the Park Service regarding the abandonment of the project to restore the old courthouse building at the Appomattox Court House Historical Park.

"If properly planned and attended to, Appomattox and this area will be the climax of the entire Centennial observance. It is unthinkable that the Park Service will not accede to the wishes of the people and restore the old Appomattox courthouse if it is properly presented to the Park officials, in my opinion.

"The courthouse building was the center of the village. There would have been no Appomattox except for the courthouse and the activities attending the county seat. The Park is officially named the Appomattox Court House National Historical Park. Many visitors come to the site and are keenly disappointed when they are informed there is no courthouse building. Except for the actual management and signing of the peace terms, all of the activities incident to the laying down of the arms and issuing of parroles to the multitude of soldiers who had followed Lee so gallantly were centered around the courthouse building. It was a hub of practically all of the activities at that time in this area. Failure to restore the courthouse prior to April 9, 1965, will dampen the entire observance of the peace achieved at Appomattox Court House.

"The important thing is for all of the interested people and organizations throughout this entire area to let the Park Service officials know of the importance of restoring this great national shrine."

Tax Appraisel Job In County Is Completed

It is understood this week that a special appraiser has completed a re-assessment of valuation of property in Appomattox County, and that his findings are being submitted to the county Board of Supervisors. The Board of Assesmors is announcing elsewhere in today's issue that public "hearing" on the appraisals will be held on a listed schedule. Taxpayers may find their valuation listings from the office of the Commissioner of Revenue, and on the announced dates may appear before the Board of Assesmors in event they wish to question their valuation listing. It is understood that the Supervisors will set up a percentage of valuation for tax purposes, and it is also believed the basic tax rate will not be changed this year.

Tax payers are being given notice that a new appraisal has been made of their property, and a new tax set-up is in the offing.
